BioForce MicroLife

Microbial Amendment for Turf & Amenity Horticulture

APPLICATION DETAILS

Apply via boom spray, fertigation unit or fertispray.

Per Hectare Mix

- > 1L BioForce BioBase: Part 1 +
- > 1L BioForce Microbe Support: Part 2 +
- > 1L BioForce Plant Support: Part 3

Product Usage Rates: Please note that the product usage rates should only act as a general guide. Indigo Specialty Products Pty Ltd recommends that all products are applied after appropriate testing has been conducted so that correct products and rates can be recommended. BioForce BioBase, BioForce Microbe Support and BioForce Plant Support should be applied at 1L/ha at recommended application periods.

APPLICATION GUIDE

Apply through boom spray, aerial, fertigation, or overhead irrigation. DO NOT apply when conditions are extremely hot. Best applied in temperatures in the range of 5-25°C.

MIXING INSTRUCTIONS

1. Half fill tank with required volume of water.
2. Add the required amount of BioForce MicroLife.
3. Fill the remainder of tank with water and maintain agitation.

COMPATIBILITY

Product may be compatible with herbicides and pesticides. Please check with the manufacturer. Please be aware that physical compatibility does not guarantee product efficacy.

WARNING

KEEP OUT OF THE REACH OF CHILDREN. DO NOT SWALLOW. The spray from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin. Users are encouraged to seek further advice.

STORAGE

DO NOT STORE product in direct sunlight. DO NOT STORE product in temperature below 5°C.

Formulated in Australia
