How? Here's our Pre-Buy deal for Summer ...

Purchase a **500mL** or **1L** pack of Indigo Specialty Products' Segway® 400 SC Fungicide between **1st June** and **31st August, 2024** and go in the lucky prize draw! *One entry per pack purchased.* Fill out the entry form over page.

ACTIVE CONSTITUENT: 400 g/L CYAZOFAMID

GROUP **21** FUNGICIDE

For the control of fungal diseases in turf as specified in the Directions For Use table.

Segway® 400 SC Fungicide is proven to offer consistent and rapid control of Pythium blight and Pythium root dysfunction. The active ingredient in Segway, cyazofamid, stops spores from germinating, inhibiting all stages of Pythium fungal development.

Field trials show Segway® 400 SC Fungicide is highly effective in protecting professionally managed turf areas against Pythium diseases over a period of 7 to 28 days depending on the level of disease pressure.

Application Rate: 1.0L/ha (10mL/100m²)

Segway is a registered trademark of Ishihara Sangyo Kaisha Ltd.
