SPECIALTY PRODUCTS

DIRECTIONS FOR USE		
SITUATION	APPLICATION RATE	CRITICAL COMMENTS
Spray Marking Turf Spray marking Back packs	100mL/100L 10mL/10L	Suitable for use with pesticide spray solutions to enable clear identification of sprayed areas.
Foam Markers	25-50mL/100L	Higher rate for deep blue foam colour. Add direct to diluted foam marking solutions.
Turf Colouring Boom application to parks, ovals & fairways For greens For back packs and hand applicators	600-1000mL/ha 6-10 mL/100m ² 30mL/5L	For uniform appearance to green surfaces. Use higher rate for deep rich turf colour.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

GENERAL INSTRUCTIONS

A blue liquid marking dye to assist in clearer identification of sprayed areas. A simple and cost effective system to reduce costly problems in over application in all spraying situations. When used as a colouring agent with white foam markers, foam will become blue in colour to allow clearer identification.

MIXING

To achieve thorough mixing, premix **INDIGO BLUE** with water in a ratio of 1:10 before addition to spray tank or knapsack. Add premix solution to spray tank first and follow with other ingredients under agitation. Wash out all spraying equipment thoroughly after use as product residues can cause discolouration of subsequent sprays.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or the used containers.

STORAGE AND DISPOSAL

KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a well-ventilated area, as cool as possible. Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways,

desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. DO NOT burn empty containers or product.

SAFETY DIRECTIONS

DO NOT swallow. Avoid contact with skin or eyes. Wear rubber gloves, overalls and goggles or face shield. Wash hands with soap and water after use.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26. If swallowed, give plenty of water to drink and seek medical assistance. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor.

SAFETY DATA SHEET

For more information refer to the Safety Data Sheet (SDS) which can be obtained from the supplier.

CONDITIONS OF SALE: The use of **INDIGO BLUE** being beyond the control of the manufacturer no warranty expressed or implied is given by Indigo Specialty Products Pty Ltd regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and Indigo Specialty Products Pty Ltd accepts no responsibility for any consequence whatsoever resulting from the use of this product.
